

TEC harnesses the gentle power of horses to give back to veterans and active service members.

The Therapeutic Equestrian Center's TEC WITH VETS program is designed to empower veterans, active military personnel, and their family members. These equine-assisted learning and therapeutic riding activities give support to our nation's heroes who gave so willingly for us.

"I've worked hard to overcome my anxiety and PTSD. Thanks to the equine therapy program at TEC I'm filled with so much hope for the future."

—TEC WITH VETS Participant

Our TEC WITH VETS year-round program includes:

- Free lessons for veterans, active military personnel, and their family members.
- Goal-oriented, equine-assisted activities to achieve physical and mental health goals.
- One-on-one time with instructors, plus group activities.
- Opportunities for volunteer involvement.
